

JAIL MANAGEMENT[™]

Tomorrow's Integrated Information System

asyst:Jail Management provides an efficient and accurate system for issuing and maintaining jail booking for any number of different jail management issued by your organization. **asyst:Jail Management** allows your organization to:

- Enter and maintain a detailed jail booking sheet.
- Maintain a user definable booking questionnaire and each inmate's responses to the required booking questions.
- Enter and maintain arrest information.
- Keep track of inmate location, approved contacts and detailed visitors log.
- Track work release information.
- Track arrangement and cost information.
- Maintain release information.

asyst:Jail Management is part of a comprehensive system of individual **asyst** applications that can be mixed and matched to meet the needs of your organization. The **asyst** family operates in either a single user or networked PC environment.

Despite its ease of use and value pricing, **asyst:Jail Management** is packed with features that will make your work life easier and more efficient.
