

BY-LAW INDEX™

Tomorrow's Integrated Information Systems

The Keystone By-law Index module is a complete management system for organizing and accessing by-laws, resolutions and agreements.

- By-laws, resolutions and agreements are indexed in three separate tables
- Search for a specific by-law, resolution or agreement by keyword
- Organize by-laws, resolutions and agreements by categories that you define
- Link your index record to an electronic copy of the actual by-law, resolution or agreement for quick and easy retrieval
- Forward a copy of the attached document by email with the click of a button
- Reference by-laws to other by-laws which they amend or repeal creating a network of legislative history
- Record the results of a recorded vote within the index for quick access
