

EPRINT™

Tomorrow's Integrated Information System

When your cash flow depends on a piece of paper, make sure it's the most effective paper you can get.

asyst:ePrint delivers powerful, effective billing communications with easy online management. **asyst:ePrint** offers you:

- Choice of postcard or statement formats
- Optional color formats to enhance bill presentation
- 12-month usage charts (statement format)
- Easy-to-read design for fewer customer service calls
- Camera-monitored production for 100% accuracy
- Save time and money
- No more printer problems, bursting forms, or running out of bill forms!

asyst:ePrint users also get an online suite of management tools:

- USTIConnect** Your online dashboard for presentation process management, available 24/7 from any Internet-connected computer.
- WebTrack** Online job tracking and reporting.
- Ucontrol** Online, real-time, 24/7 custom message management lets you get important notices out right up to the last minute.
- MailTrax** Mail trace and tracking, because knowledge is more than power – it's peace of mind.
- Xact2View** Online bill archives let your customer service representatives see an exact replica of any customer's statement – on demand. *(Optional)*
