REMOVE THE HARDWARE HEADACHE!

Integrated Hosted Solutions

Fund Accounting, Utility Billing, General Government, Municipal Courts, and Public Safety

About Us

USTI develops, supports, and markets integrated municipal software throughout North America. Since 1978, USTI and its subsidiaries support over 900 customers that represent over 2000 installations.

USTI Connect

As part of Aptean's StepUp Program, our solution allows organizations to focus on running their municipality and providing better services to their constituents, rather than solving hardware issues, updating old software, chasing viruses and crashing servers. Your data is secure, safe and protected even in disasters. All you need is an internet connection to the server.

Connect Anywhere

- No more loading software updates!
- Daily offsite backup!
- Easily connect to the server that hosts your data!
- No viruses. Ditch the hardware headache!
- No downtime. It's always up!
- Less hardware. Free up space!
- Concurrent licenses to access your organization's data!
- Disaster recovery!
- Hosted at Amazon Web Services!
